An Interview with Dr. Jeff McQuillan

by Dr. Lucy Tse

This is a special version of our podcast. There's no script for the podcast, because it is an unscripted interview by Dr. Lucy Tse with the host, Jeff McQuillan. Here are the questions that she asks:

- Why did you decide to start ESL Podcast?
- How do you decide what topics to include?
- How long does it take you to complete each podcast?
- Do you speak any languages other than English? If you do, how did you learn them?
- You are the host of podcasts that have listeners all over the world. Which countries do you have listeners in?
- You are the host for three podcasts: ESL Podcast, TOEFL Podcast, and English Through Stories. Do you have plans to start any other podcasts?
- What do you like to do in your free time? What are your hobbies?

These are the questions from American television program, Insider the Actor's Studio.

- What sound or noise do you love?
- What sound or noise do you hate?
- What profession other than your own would you like to attempt?
- What profession would you not like to do?
